

Mary E. Duncan
Assistant Principal,
Middle School Faculty

Mary E. Duncan started teaching at St. Francis Xavier in August 2010 and has loved being immersed in our culture of Love of God, Love of Others, Love of Self, ever since. She has served the school community as Assistant Principal since August 2018. As such, she says she feels privileged to help the faculty, staff, families and parents of St. Francis Xavier work together to create a more loving world through the holistic education of our fantastic student population.

Ms. Duncan holds a BA in Teaching from Westminster College and an MA in Catholic Educational Leadership from the University of San Francisco. She felt that God called her to be an educator when she was a freshman in college. One of her favorite parts of being a teacher is teaching the middle schoolers to think critically and make inferences: skills which help them succeed wherever their future takes them.
